ANNUAL REPORT**

# EXECUTIVE DIRECTOR STATEMENT

As we reflect on the past year, I am proud to share with you the remarkable strides our association has made in strengthening and growing our community. The 2022-2023 year marked a period of significant progress and innovation as we redoubled our efforts to serve our esteemed members. One of the highlights of the past year was the reintroduction of our online speaker series as a provided member benefit. This initiative aimed to foster continuous learning and engagement among our members throughout the year, bridging the gap between conferences and providing valuable opportunities for professional development. The overwhelmingly positive response we received underscores the value of such initiatives in enriching our community and enhancing the member experience.

Furthermore, our strategic partnerships with external stakeholders have played a pivotal role in expanding our reach and impact. These collaborations have enabled us to leverage resources and expertise, facilitating the delivery of high-quality programs and services to our members. Together, we have forged enduring relationships that fortify our association's position as a leader in our field.

Additionally, the establishment of our operations as a standalone entity has empowered us to chart our own course and pursue our vision with renewed vigor. Since this transition, we have thrived, achieving new milestones and realizing our potential as an independent organization committed to serving the needs of our members.

I am also delighted to reflect on the success of our 2023 conference, held in Kansas City, Missouri. The incredible host committee and our dedicated president ensured a memorable and enriching experience for all attendees. I extend my heartfelt gratitude to everyone involved in making this event a resounding success.

Looking ahead, I am filled with excitement about the possibilities that lie before us. As we embark on the journey ahead, we remain steadfast in our commitment to continue strengthening and growing our association. Together, we will seize opportunities, overcome challenges, and forge a brighter future for our community.

Thank you for your unwavering support and dedication. Here's to another year of growth, innovation, and success.

# APAI

## **The recognized voice for the *highest* professional standards of responsible parole practices.**

The Association of Paroling Authorities International (APAI) came to life in the early 1970s when a group of international colleagues in the field of parole expressed a strong interest in discussing best practices and current issues surrounding early release, reentry into the community, and public safety. While members may have different parole legislation, policies and regulations, they all share the fundamental value in the belief of a person's ability to change and the conviction that gradual, supervised reintegration into our communities is an effective protection of public safety.

### **MISSION**

The Association of Paroling Authorities International is a global association dedicated to the accomplishment of public safety and successful offender reentry through training, education, standards of evidence-based research and best practices, providing peer-based technical assistance and support in collaboration with strategic partners.

### **VALUES**

- We believe that the parole process is essential to a fair and just criminal justice system that enhances public safety.
- We are dedicated to professional development of those involved in the parole process.
- We are committed to the development, improvement and utilization of consistent and rational parole practices.
- We believe in the human dignity of all and shall demonstrate this belief to the community, victims and offenders through our practices.
- We believe in the development of leadership that creates an environment to guide, influence and facilitate best practices.
